About my Chess:

I am an experienced FIDE Rated chess player. It has been almost 12 years since i have been into chess I am having 4 years of teaching experience in chess and teach all people of ages 7 years and above. My lichess rating is around 2375 and my highest LiChess rating is around 2454.

My Achievements:

- 1)I have represented my team at the National level U-19 chess tournament and won third place
- 2)I have also represented the state at National U-25 chess tournament
- 3)I have also represented the VTU team in South Zone inter-University chess tournament and won the first place
- 4)I have also represented the VTU university team in the National inter university chess tournament and won third place at the national level.
- 5)I have also had a chance(but could not) to represent the country at an international level from our university once at Malaysia and also Poland.
- 6) I have also represented my company in the world corporate chess tournaments.

What I will be teaching you?!!

I love to teach chess to my pupils having age of 7 years and above. I will be teaching chess based on the requirement from the students. I will be explaining you about basics of chess, openings, middlegames and endgames. Apart from these I will be guiding you to patch up your chess weaknesses. If needed we can play a game so that I can assess your strengths and together we can work on improving it.

PS: It takes a lot of hard work and repeated practice to actually improve on chess.

Happy Learning!! Hope you have a great learning experience!
